Members introduced themselves and related their individual experience with 5 year plans. Chairman Elaine Brigman handed out a paper entitled How to Write a 5-Year Strategic Plan. After reviewing the plan, the committee brainstormed ideas for development of a one or two sentence vision statement. Many ideas were mentioned by the committee as well as by the unit holders who came to the meeting. The committee as well as several of the unit owners attending the meeting will continue to try to develop a vision statement for the next meeting which will be scheduled for mid-November.
