

April 3, 2014

Welcome

At the request of the board of Directors, we have formed a 5 Year Strategic Planning Committee.

Our committee is made up of Elaine Brigman as the Chair, Dave Leeman, Jurgen Haedicke, Nora Gray and John Steward.

Our goal is to develop a roadmap and vision that will assist the board and our unit holders in planning the priorities and policies to meet the future needs of Mobile Estates.

This multi year plan is not solely about infrastructure for our park. It encompasses the social and physical well being of the residents and ultimately the happiness and pride of being a member of the Mobile Estates community.

Your opinions and perspectives are critical to our process for the Plan. We welcome your informal input and will be asking for more structured input as the planning process evolves.

The committee will endeavor to keep you informed of our meetings and progress in this space.

To begin the informal process, we ask that if you have some views on what the 5 Year Plan should encompass send it to us via email. This will be the best vehicle for the time being as most of us will be heading to our summer season homes.
